

T-BALL RULES

1. **Team rosters** will be set by the Player Agent and will generally consist of players Little League ages 5 and 6.
2. The philosophy of the **T-Ball Division is to be a developmental League that is focused on fun.**
3. **No score** will be kept.
4. All players shall **bat in rotation.** A half inning ends after each player on the batting team has had one at-bat. The final at-bat of the half inning results with the batter and all runners advancing all the way to home plate.
5. All players should play in the field as no player should be on the bench while on defense. Coaches should rotate defensive positions each inning and ensure players have an equal amount of time in infield/outfield positions as possible.
6. The playing field shall have a fifteen (10) **foot arc** running from baseline to baseline forward of the backside of home plate. Batters must hit the ball beyond the fifteen (10) foot arc. If not, it is a foul ball.
7. **Bunting** shall not be permitted.
8. The batter shall not be allowed **half swings.**
9. All **play stops** when the pitcher receives and has control of the ball within the prescribed pitching area. At this point, the umpire shall call time. All runners in the process of advancing to a base shall return to the last base touched, with the exception that the batter and runners be allowed to advance a minimum of one base.
10. Runners will be allowed to return after time is called.
11. The **Pitcher must have his foot on the pitching rubber** at the start of play.
12. **All runners must stay on base** until the batter hits the ball.
13. At the start of the season, runners shall **advance only one base and are not removed from the base when an out is achieved by the defense.** The purpose of this rule is to teach game sequence in a controlled fashion. As managers agree, later in the season, players may advance multiple bases when the ball is in play or removed from the base when an out is achieved by the defense
14. When a team is at bat, **one certified coach MUST be in the dugout.** One coach must setup and remove the Tee after the ball is in play. The third coach must be a base coach, with a parent as the other base coach.
15. The infield fly rule shall be waived.
16. The batter must have both feet in the batter's box while batting.
17. There will be **no strikeouts.**
18. If a player **throws a bat,** his/her team will be given one team warning, and upon the next infraction, the player will be called out. This is a judgment call by the umpires.
19. All games shall be **six (6) innings,** subject to the time limit.
20. **Time limits** will be strictly enforced. For hourly games, no new inning shall start after 40 minutes from the time the game was officially scheduled to start. All games must end at 50 minutes (HARD STOP) regardless of where you are in the game, weekday and weekend. There is a 55 minute game time limit for the last game of the day. Remember, a) the lights go off at Lynndale at 9pm and b) the clock on your game starts at the time your game is scheduled not when you actually start playing.

21. **Managers must work together** to ensure that games start at the scheduled time.

22. **On deck batters** must remain in the dugout. **No on deck circle is permitted** (National LL rule 1.08) and there must be **no practice swings**. As an additional safety precaution, pre-game batting practice anywhere outside of the field of play is strictly prohibited, and on field BP must be directly supervised by coaches. Batters will wear Little League approved helmets.

23. T-Ball games may not be protested.

24. Both Managers are responsible to foster an enjoyable and safe environment for play.

After the Game:

1. Both teams shall demonstrate **good sportsmanship** by cheering and congratulating the other team.

2. Team players shall participate in making sure the dugouts, fields and bleachers are **free of all trash**, and belongings.

3. If the last game of the day, all field equipment should be put away, making sure the equipment box is locked and the field properly raked. Each team is responsible for cleaning the dugouts and its bleacher area. Field maintenance is the responsibility of both teams.
